

OFFICE OF THE REGISTRAR

REGISTRATION NOTICE TO ALL STUDENTS

Students are being advised that the technical registration challenges they were facing in the previous week have now been rectified. On account of these challenges the University has extended the registration period as follows:

Normal Registration Opening	Normal Registration Closure
Monday, 25 October 2021	Friday, 19 November 2021

Late Registration Opening	Late Registration Closure
Saturday, 20 November 2021	Friday, 3 December 2021

Late registration will attract a late registration fee of **USD30** which will be billed automatically to your account.

Take note that students can **only** register upon payment of 60% of the total Second Semester 2021 fees. The full fees must be paid by **31 December 2021**.

Take note that the University **will not extend** the registration period any further than the above dates. All students are therefore urged to abide by these dates as no registration cases will be entertained after the registration period has lapsed. Failure to register will be to the detriment of your interests as a student.

N.B. This notice applies to all students including students on attachment.

Be guided accordingly.

MR I CHINYEMBA
